

Group Work Slides

Group Exercise 1

- Who are the target stakeholders?
- What is the objective of RC? What do you want to get across? Any actions you are hoping to promote?
- What do you expect the stakeholders to be concerned about? How will they see the risk?

Group Exercise 2

- Given the Lessons Learned from FloodSmart, how would you start conversations in the community in your case study?
- *What is the community impact and what do they care about? How do you make connection, and build general awareness?*

Group Exercise 3: Sharing Responsibility

- Who is responsible for what for Risk Management & Risk Communication?
- How do we coordinate and support each others' efforts?
- Do we use the same messages? How do they differ? How are they similar?

Final Exercise

- What are two things that you learned today that you will take back to jobs?
